TEENS 'N TOTS (7th & 8 Grades)

Session 1 June 13-17 & June 20-24 | Session 2 June 27-July 1 & July 5-8 | Session 3 July 11-15 & July 18-22

How would you like to work, learn and play this summer-all at once? Come learn some real life skills. This great opportunity is open to campers going into seventh and eighth grades and includes:

- Obtaining real work experience with preschool students
- Having fun with friends
- Learning skills which will earn money
- Being a good example in a young child's life
- Receiving positive references from parents and teachers that could be used later to obtain other jobs

If this sounds exciting, come join our new program, Teens 'n Tots, at Camp Kulanu this summer.

You'll have hands-on experiences with young children- be prepared and ready to handle anything that a young child could dish up. We will also help you learn how to create a fun and happy atmosphere for children, including creating fun games, reading stories, working on art projects and more! You'll come away with your own individualized activity kit!

We will help you learn health and safety, including first aid and CPR training, basic child development and behavior management.

While you are learning and working, we have some fun breaks in store. There'll be field trips planned just for you- your chance to be with your peers for some summer fun designed just for teens. Rollerskating, bowling and rock climbing are on the agenda- at least one event every session.

We look forward to seeing you this summer!
